## 2,899 TEXT MESSAGES PER MONTH!

- According to a Nielsen study, "The average U.S teen sends or receives an average of 2,899 text messages per month."

### 4.6 seconds...

- Texting took a driver's focus away from the road for an average of 4.6 seconds-enough time... to travel the length of a football field at 55 miles per hr. (reported by CNET)
- A 2007 simulator study by Clemson University found that txt messaging and using iPods caused drivers to leave their lanes 10% more often.
- Using a cell phone while driving, whether it's hand held or hands free, delays a driver's reaction as much as having a blood alcohol concentration at the legal limit. (Source: University of Utah)
- Nearly 80% of collisions involve some sort of driver inattention.

- August 27, 2011 a young woman was texting as she drove on I-65 in Alabama. She lost control of her car and killed herself, and her 10 month old baby. She was pronounced dead on the scene. Her baby was taken to the hospital where they tried to revive him, but he was basically dead upon arrival. An investigation showed she was texting while driving.
